## Graphical analysis of money transfers from abroad in favour of individuals in 2012

Money transfers from abroad in favor of individuals (resident and nonresident) represent amounts of money remitted in the country through the national banking system, including international money transfer systems. Amounts are converted from the original transfer currency into US dollars at the official exchange rate of the NBM on the transfer date. It should be noted that the origin as well as the purpose of these amounts can be varied. They include, besides the amounts transferred by Moldovan migrants, other foreign exchange transfers.

Statistical series on money transfers from abroad made in favour of individuals of the Republic of Moldova can be found on the official website of the National Bank of Moldova.
