According to the provisions of point 12 of the NBM Executive Board Decision no.109 of 24.05.2018, starting from 30.07.2018, the term "Total regulatory capital" is replaced by the term "Own funds". At the same time, the Regulation on risk-weighted capital adequacy has been abrogated. As a result, the "Risk-weighted capital adequacy ratio" indicator is no longer calculated by banks and has been replaced by the "Total capital ratio". These changes were made following the entry into force of the new regulations and instructions (COREP), which were developed in line with Basel III (CRD IV/CRR) provisions. (<http://www.bnm.md/en/content/first-major-regulations-transition-basel-iii-has-been-approved> [1]).
