Chart no. 1

Structure of net transfers of funds from abroad in favour of individuals by geographic areas October 2020 (%)

According to geographical provenance, the transfers in favour of individual are coming from the following three areas: the EU-27 (48.8 percent), CIS (13.4 percent) and the rest of the world (37.8 percent).

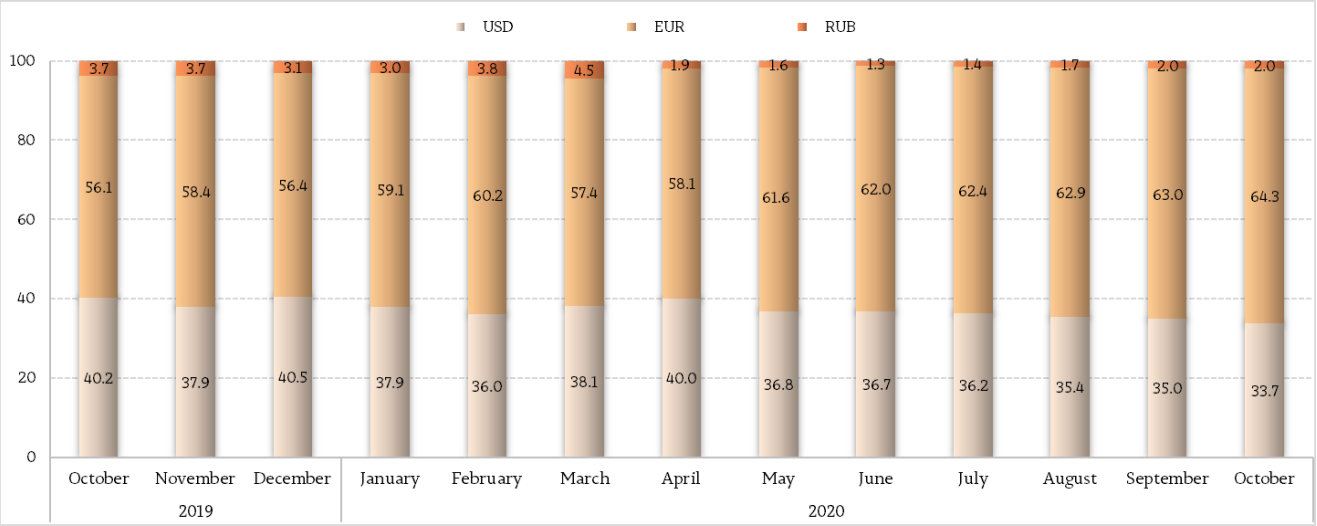

The transfers from the EU to individuals amounted to USD 66.63 million in October 2020, increasing by 20.5 percent compared to October 2019. This indicator is affected by Brexit, as the result of the United Kington's exit from the EU, the volume of EU transfers was lower by USD 10.98 million in October 2020. Thus, there is registered an increase of 44.5 percent compared with the volume of transfers from the EU in October 2019 and excluding those from the United Kingdom. At the same time, the Brexit led to increase the share of transfers from other states by 9.1 percentage points.

As regards the distribution by countries of money transfers from abroad in favour of individuals, it should be mentioned the transfers from Israel with a share of 17.9 percent (USD 24.45 million) of total transfers increasing by 29.9 percent as compared to October 2019, from Italy with a share of 13.2 percent (USD 17.99 million), from Russian Federation with a share of 12.3 percent (USD 16.75 million) of the total transfers decreasing by 25.1 percent as compared to October 2019, from Germany with a share of 11.5 percent (USD 15.71 million), from the United Kingdom and Nord Ireland with a share of 8.0 percent (USD 10.98 million), France - 7.4 percent (USD 10.12 million), USA - 7.4 percent (USD 10.06 million), Republic of Ireland - 3.0

percent (USD 4.06 million), Czech Republic - 1.8 percent (USD 2.52 million), Romania - 1.8 percent (USD 2.49 million), Spain - 1.5 percent (USD 1.99 million), Portugal - 1.2 percent (USD 1.66 million), Poland - 1.2 percent (USD 1.66 million), Turkey - 0.9 percent (USD 1.20 million), Other countries - 10.9 percent (USD 14.88 million).

Chart no. 2

NOTE:

The National Bank of Moldova notes that money transfers from abroad in favour of individuals via banks do not consist solely of remittances of Moldovan citizens working abroad, but also include unilateral transfers such as:

1. local transfers, including salary transfers in favour of resident individuals from non-residents representatives (representative offices of international financial institutions, international organisations, and representations of foreign economic agents) in the Republic of Moldova (0.8 percent of total transfers);
2. transfers in favour of non-residents who are temporarily in the Republic of Moldova (0.3 percent of total transfers via MTS);
3. pensions (social and maintenance) and benefits (0.6 percent of total transfers).

Money transfers from abroad in favour of individuals through Moldovan banks also include transfers of individuals made via postal offices of the State Enterprise "Poşta Moldovei" (settled through banks), both via MTS and money orders.

Note that this indicator does not include:
a) international transfers to individuals made via SWIFT payment system with an investment purpose (with significant values), which amounted in the October 2020 to USD 1.72 million;
b) international transfers via SWIFT payment system to non-resident individuals, clients of licensed Moldovan banks;
c) transfers made via so-called banks in the Transnistrian region of the Republic of Moldova.

Statistical series on money transfers from abroad made in favour of individuals via banks and SE "Poşta Moldovei", as well as their currency structure, can be found on the official website of the National Bank of Moldova at:

- Money transfers in favour of individuals, net basis [1]
