# The NBM and licensed banks work programme during winter holidays

On the days 24, 25 and 31 December 2018, as well on the days 1, 7 and 8 January 2019, declared public holidays, the National Bank of Moldova (NBM) will not activate. The most licensed banks of the Republic of Moldova will have the same work programme, except for certain subdivisions.

A detailed information on banks' activity programme during the winter holidays can be found on their official webpages or directly to their branches. The list of licensed banks and the access to their webpages is available on the NBM official webpage [1].

At the same time, the licensed banks announce that, on 26 December 2018, they will not carry out transactions in the currencies of the EU member states, as the activity of the euro area financial institutions will be halted for Christmas holiday.
