+0.6	+25.7	Consumer loans	+23.8	-74.8
+1.0	+37.5	Real estate loans	+14.7	+28.5

* change from the similar period of the previous year

The increase in the balance of claims on the economy in foreign currency (expressed in MDL) was determined by the increase in the balance of claims on the non-financial commercial companies, which majority ownership is private, by MDL 1,276.1 million (7.9%), balance of claims on non-banking financial sector by MDL 156.7 million (16.3%) and the balance of claims on other resident sectors (including individuals) by MDL 67.2 million (12.9%).

At the same time, the balance of claims on non-financial commercial companies, which majority ownership is public decreased by MDL 1.8 million (9.2%).

1. Broad monetary base includes money put into circulation by the National Bank of Moldova (except cash in the vault of the National Bank of Moldova), bank reserves in lei (held in corresponding accounts at the National Bank of Moldova), required foreign currency reserves, "overnight" deposits of banks and sight deposits of other organizations at the National Bank of Moldova.

2. Currency in circulation M0 represents circulating cash issued by the National Bank of Moldova, except for cash in banks and NBM vault.

3. Aggregate data may not correspond exactly to the sum of the components due to mathematical rounding.

4. Money supply M1 includes currency in circulation (M0) and resident's domestic currency sight deposits.

5. Money supply M2 includes money aggregate (M1), term deposits in Moldovan lei of residents and money market instruments.

6. Money supply M3 includes M2 money supply and residents' foreign currency deposits denominated in Moldovan lei.

7. Deposits are structured by institutional sectors under the Instruction on completion by licensed banks of the Report on monetary statistics (Official Monitor of the Republic of Moldova No 206-215 of 2 January 2011). Other resident sectors include sectors of the households (individuals, individuals performing an activity) and non-profit institutions serving households.

8. According to the IMF methodology, loans to non-residents, interbank loans, and loans to the Government of the Republic

of Moldova are excluded from the total claims on the economy (including data from banks under liquidation).

9. Recalculated using the official exchange rate at the end of the period.
