National Bank of Moldova Organizes First Career Week at the NBM

[1]

The National Bank of Moldova (NBM) is organizing, for the first time, a Career Week at the NBM, from 4 to 8 December 2023 – a major event aimed to discuss careers and opportunities in central banking.

The activities will take place both at the NBM's headquarters and at universities across the country. Our goal is to bring the field of finance and banking closer to the public interested in a career at the central bank.

During a series of workshops, participants will have the opportunity to engage with NBM experts and gain firsthand insights into the life of a central banker. They will also receive information about NBM internships, job vacancies, and guidance on applying for job competitions. Throughout the 5-day event, there will be competitions related to NBM activities, and winners will be treated to surprises, including a day spent with the institution's team of employees. Participants are encouraged to ask questions, share their opinions, and express their expectations of the NBM as a potential employer.

The inaugural day of the event, 4 December 2023, will be hosted at the NBM headquarters and broadcast live on Zoom and privesc.eu platforms. To participate, please complete the registration available here. Additionally, to ensure public access, the event will be broadcast live on the following channels:
